

REGULATION

1) The Sardegna Gran Tour

Sardegna Gran Tour is a sport & tourism "Adventouring" event for motorbikes. It is an international event and is in no way competitive. It takes place in 4 stages with departures from Milan and Rome, on scenic roads that cross beautiful places and breathtaking scenery, between sea and mountains.

There are two types of route: one all-road and one mixed road and off-road

2) The roads

A) "On Off" route: 70%* on "easy" dirt roads and 30%* on paved scenic roads, also suitable for off-road riding beginners. Reserved for on-off enduro, vintage motorcycles and scooters, weighing over than 150 kg. (weight limit not applicable for vintage motorcycles 31/12/1999, and women motorcyclists). * Percentages are calculated in time and not in distance.

B) "Road" route: 100% on paved roads, also suitable for riders with passengers, open to motorcycles and scooters of any kind weighing over 150 kg (weight limit not applicable for vintage motorcycles 31/12/1999, and women motorcyclists) The asphalted routes will be the same of both categories, and participants will meet halfway through the stage, at a refreshment point, offering typical local products.

The routes are entirely on roads open to the public in normal traffic conditions, where the rules of the Highway Code and its Regulations of Implementation apply, as well as all the provisions in force on the subject, including any orders of local authorities. The event will take place with the help of relays (open and close the route), motorcycles and cars of the Organization, with a recovery service vehicles damaged along the way, both road and off-road, until the arrival of the stage (from the arrival of the stage, any further transport pilot and motorcycle, will be the responsibility of the participant). Medical assistance along the route.

On the route may be arranged signs of direction or attention, and this 'merely optional, without any liability of the Organization as each participant will be given at the start of each stage the track containing the GPX path and the waypoints of interest to navigation.
