

## SARDEGNA GRAN TOUR 2022 REGULATION

### Admitted participants:

All persons, **including passenger, registered in an Italian motorbike club and in possession of an FMI membership card** for the current year, are admitted. (Adventure Riding moto club can register the **strangers riders**). They need also a valid licence for the registered motorbike.

### Admitted bikes:

- **"On/Off" group:** enduro motorbikes, scooters, vintage motorbikes, weighing more than 150 kg. (minimum weight not applicable to vintage bikes and female riders). Tires with tread blocks or suitable for off-road use and are required.
- **"Road" group:** road motorbikes, enduro, scooters and vintage motorbikes weighing more than 150 kg (minimum weight not applicable to vintage motorbikes and female riders).

For all categories it is required to have a navigator or mobile phone with GPX tracker software installed on the bike.

### Categories:

Participants will be divided into 2 categories:

- **"On/Off" category:** 70%\* on off roads and 30%\* on asphalt roads.  
\* The percentages are calculated in time and not in distance.
- **"Road" category:** 100% on asphalt roads, also rideable by rider with passenger.

### Routes:

The routes will be on scenic roads suitable for both large twin-cylinder and single-cylinder bikes weighing over 150 kg, which will pass through the places of greatest scenic, historical and cultural interest of the Italy's richest region of national parks

Particular attention was given to the wine and food aspect of the event. The routes will be indicated by GPS tracks.

Along the route there will be medical assistance (with motorbikes and medical car) and recovery of pilots and vehicles in trouble (transport of motorbikes to the arrival of the stage).

### Adventure Riding, Garmin Precision Trophy – Rules:

The ability to orientate oneself is the basis of the pleasure of driving and, to give a touch of competitiveness, we offer those who wish to do so a game aimed at navigational precision.

The Precision Trophy is a challenge that rewards those who cover a stage mileage that is closer, in excess or in defect, to that of the official track provided by the organisation.

The bikes must be equipped with a non-adjustable odometer. Participants must arrive at the start of the stage with their odometer set to this function. The person in charge of the start/finish line will take note of the indicated mileage and will check that the odometer is working and not adjustable.

Counts will be processed using the bikes' odometers.

At the end of the last stage, the winner will be the one who has covered the total mileage closest to the official mileage. Prizes will be awarded to the first three overall finishers.
