

Tramelli School offers the opportunity to participate in the non-competitive tourist Experience categorie by renting Yamaha Tenere 700.

For the participants of the Experience category, who won't to venture out alone in the various stages of the event, Alessandro Tramelli, with his collaborators, will lead the way along a facilitated route parallel to the race one, to give the less experienced riders the opportunity to ride in the desert with the Maxi Enduro bikes. Tramelli School also offers motorcycle transportation from Italy to Douz and back.
