Admitted riders:

All persons, including passengers, registered with an Italian motorbike club, in possession of the FMI Member card for the current year and in possession of a valid driving licence for the registered motorbike are admitted. A medical certificate of good health is also required for the Way Point Trophy category.

Admitted motorbikes:

- **On/Off" categories:** enduro motorbikes, scooters, vintage motorbikes, weighing more than 150 kg. (Minimum weight not applicable to vintage motorbikes and female riders. Moulded or off-road tyres are compulsory.
 - **"Road" category:** road motorbikes, enduro, scooters and vintage motorbikes weighing more than 150 kg (minimum weight not applicable to vintage motorbikes and female riders).
- For all categories it is compulsory to have a satellite navigator or mobile phone with an application for reading GPX tracks on board.

Routes:

The routes will be on scenic roads suitable for both large twin-cylinders and single-cylinders weighing more than 150 kg, passing through the island's most interesting scenic, historical and cultural sites.

The start/finish points of the stages will be at hotels on the beaches of Sardinia's most famous seaside resorts.

The routes will be indicated by means of GPX tracks, and GPX tracks and way points for the WPT category. Along the route there will be medical assistance and recovery services for riders and stalled vehicles (bike transport to the stage finish).

Categories

Participants will be divided into 3 categories:

- **On/Off" Adventouring category** (not Competitive): 70% route in time on dirt roads and 30%* on scenic asphalt roads.
- **Way Point Trophy category** (competitive): 70% route in time on dirt roads and 30%* on scenic asphalt roads.
- **Road" category:** 100% route on asphalt roads, also rideable by rider with passenger.

Way Point Trophy

Participants will be able to choose whether to participate to Sardegna Gran Tour as tourists following the GPX track in the Adventouring category, or to try their hand at more intriguing navigation and a touch of competitiveness by entering the Way Point Trophy category (competitive without time).

Way Point Trophy is a new participation formula that rewards the orientation and navigation skills of the riders, without the time component. The basic route is the same as in the Adventouring touring category, but differs at some points: the GPX track ends and for a stretch one must find one's way to the Way Points, received together with the track, in the order indicated. After the last Way Point the track resumes until the following WP navigation section. Pilots are provided with a special logger which exactly records the route taken.

- Participants must be in possession of a navigator or mobile phone suitable for reading GPX tracks with off-road maps of the regions crossed and with the possibility of recording the track travelled, with a recording interval of 1 point per second.
- If there are problems verifying the track travelled by the participant, by downloading it from the logger provided by the organisation, the track recorded by the rider's navigator/mobile phone will be verified. If it is not possible to download the track, even from the participant's instrument, he/she will be penalised with a flat-rate penalty.
- Participants must transit at the Way Points indicated by the organisers in chronological order of the WP and at a maximum distance of 25 m from them.
- Failure to transit a Way Point in the correct order, as well as transit on routes other than those indicated on the official GPX track, will be penalised.

At the end of each stage, the winner will be the one who has covered the total mileage of the orienteering trials, closest to the official mileage, added to the various penalties.

Prizes will be awarded to the first three overall finishers.
