

Three islands, eight stages, one great adventure

15–22 May 2027

A new adventouring event will cross the heart of the Mediterranean, linking Milan, Corsica, Sardinia and Sicily on a motorcycle journey celebrating freedom, discovery and the true spirit of adventure.

The adventure begins at Milan Malpensa, easily accessible even for those arriving by air. From here, participants will travel to Savona for the first ferry crossing: the start of an eight-stage itinerary across three extraordinary islands.

From Corsica's mountains and trails to Sardinia's wild landscapes, and on to Sicily's roads, volcanoes and archaeological treasures: three distinctive destinations to discover from the saddle of your motorcycle.

More than just miles

The route and riding times are designed to leave plenty of opportunities to stop, explore and discover the places along the way.

The itinerary will take in some of the three islands' most remarkable natural and cultural landmarks: the Désert des Agriates in Corsica, the Nuragic complex at Barumini and the knife museum in Sardinia, and Sicily's temples and major archaeological sites.

A journey to enjoy even when the engine is switched off, surrounded by Mediterranean history, culture and scenery.

Two routes, two categories, one spirit

Every participant can choose the route and participation option that best suits their way of travelling.

The routes

Road

An entirely tarmac route following some of the most spectacular scenic roads across the three islands.

On/Off

route consisting of approximately 50% tarmac roads and 50% unpaved tracks, for riders keen to experience the full spirit of maxi-enduro adventure.

The categories

Heroes — Adventure on your own terms

Travel independently, carrying your luggage and everything you need on your motorcycle. Each participant arranges their own stops and accommodation; ferry bookings are handled by the organisers.

Adventour — The comfort of hotels

Ferry crossings, hotel accommodation and luggage transport are included in the entry fee and arranged by the organisers, so you can enjoy the journey in comfort.

Your pace, your adventure

Mediterranean 3 is not a race against the clock. Each rider can set their own pace and stops, while respecting the timetable and meeting points set by the organisers.

The organisers will announce the stage locations, where the staff and Adventour participants will be based.

Heroes participants may stay in the same locations, freely choosing their preferred accommodation, or follow their own schedule of stops and rejoin the group at the ferry ports at the specified times.

Private support services or third-party luggage transport will not be permitted. For Heroes riders, independence, preparation and adaptability are an essential part of the experience.
